

Your Understanding and Consideration for Guests wearing a Bathing Cover

Some guests may wish to wear a special bathing cover while bathing, in order to conceal scars resulting from breast cancer surgery or other medical procedures. We ask all guests who use bathing facilities, for their understanding and consideration so that those who wear bathing covers can enjoy bathing without hesitation.

What is a Bathing Cover?

It is a special garment designed to allow people to enjoy bathing without feeling self-conscious about scars resulting from breast cancer surgery or other medical procedures.

Regarding Hygiene

It is worn in areas such as the changing room.

When used in a clean and hygienic condition, such as by thoroughly rinsing off any soap residue before entering the bath, there are no hygiene concerns.

For Guests Using a Bathing Cover

Please use your bathing cover in a clean and hygienic condition, paying careful attention to hygiene.
